Year End Giving Pushes Campaign Near \$2 million

Campaign chairs Annhorner Truitt and Taylor Waller announced at a recent Needle's Eye Board of Directors retreat that wonderful year-end giving had increased Campaign pledges to \$1.96 million - 70% of our \$2.85 million goal. "We are humbled by the way our donors are responding and grateful to God for all He is doing in this ministry," they said.

• *Capital Campaign Website is Live!*

For the latest Campaign news, pledge totals and other information visit the NEW website at www.needleseye.org/capitalcampaign. From here you can also make a pledge to the Campaign, make a payment to a current pledge or make a one-time contribution.

• *75% of Commitments are Multi-Year*

Nearly 3/4 of all Campaign commitments made by donors are payable over 2 or 3 years. We thank each and every donor who has given and hope that those who have made one-time contributions or pledges will renew their gifts in 2008!

• *Small Group Emphasis is Next!*

Board of Directors member, Steve Mapp will be visiting all Needle's Eye small groups during February and March to share the exciting Campaign vision and seek Campaign commitments from small group members. "The major emphasis of our entire Campaign is on strengthening our ministry with small groups, so it only makes sense to meet with each individually," commented Steve. If you're in a small group, please pray about how God is leading you to respond.

• *Abundant Thanks - Couldn't Have Done it Without You!*
